INDEX.

ABOBRA, 23
Abutilon Indicum, 208
Acetal, 307
Achyranthes aspera, 49
Acid, carbonic, intestinal occlusion treated by, 177
cantharidic, 363.
carbolic, quantitative test for, 366
cobric, 175
compound tartaric, 314
copaivic, 327
crystallized carbolic, 327
dilute phosphoric, 50
formic, 307
as a preservative, 362
formula for salicylic, 125
thymic, 125
gallic, 327
hederic, 269
hydriodic, 184
hydrobromic, 184
hydrochloric, adulterants of, 361
hypophosphoric, 336
hypophosphorous, 271
improvement in manufacture of oxalic, 231
in willow bark, lactic, 304
lactic, 327
nitric, adulterant of, 361
concentrated, preparation of, 363
paullinitannic, 271
phosphoric, dilute, 50
Markoe's process for preparing, 207
phosphorous, crystallized, 268
phtalic, 261, 327
polyphoric, 271
salicylic, 327
increase of solubility of, 276
in mixtures, detection of, 362
sclerotic, 201
spontaneous alteration of hydrocyanic, 175
sulphuric, adulterant of, 361
Acids, a delicate indicator for, 261
Huber's reagent for, 109
method for determining strength of, 234
Acne, formula for treatment of, 30
Aconite, alkaloids of, 114
examination of Japanese, 268
on the alkaloids of, 132
root, adulteration of, 164, 174
with masterwort, adulteration of, 139
Aconitia, crystallized, 125
Aconitines, extraction and investigation of, 268
Aconitum palmatum, 238
Act to regulate druggists' scales and weights, 129, 156
Adenanthera Pavonia, 39
Adulterations and Sophistications, Committee on, 23
Aether anæstheticus Aranii, 307
Wiggers, 307
Aghara, 49
Agraphis nutans, 40
Ahovai-tree, 4
Ailanthus excelsa, 208
Air, use of compressed and rarefied, 334
Akebia quinata, 208
Albumen in urine, determination of, 137
vegetable, 113
Alcohol as food, 47
Alcohol, detection of water in, 303
from the sugar of beet-leaves, preparation of, 304
in oil of lemons, 251
medicinal-chlorine derivatives of, 306, 337
Alcoholic solutions, officinal and otherwise, 84
Alcoholometry in France, 30
Aldehydammonia, phosphorescence of, 176
Aldehyde, 307
Algæ, the first nitrogenous crystalline substance discovered in, 83
Almirao, 113
Alkalies, a delicate indicator for, 261
method for determining the strength of, 234
Alkaloidal soaps, 285
Alkaloids and other crystalline principles, extraction of, 147
metric doses of, 103
preparation and estimation of, 200
reactions for, 16
reagent for, 46
Almonds, adulteration of expressed oil of, 324
Aloe-cultivation in St. Barthelemy, 240
Aloes, aqueous extract of, 276
Jafferabad, 17
Aloin, therapeutic value of, 277
Aloins, oxidation products of, 335
Alum, ammonia-iron, adulteration of, 361
and lead acetate, 252
Aluminium, price of, 224
Amaryllis belladonna, 40
disticha, 40
Amber lac, 282
American Dermatological Association, 191
Medical Association, trade exhibits at the, 162
Microscopical Society, 96
Pharm. Assoc., 190, 223, 225, 255, 257
report of proceedings at the, 274
Amine-bases, discovery and preparation of, 113
Ammonia, gallo-tannic acid as a reagent for, 206
generator of, 6
in bismuth subnitrate, presence of, 175
in tartrates, presence of, 305
Ammoniacal salts of quinia, decomposition of, 258
Ammonium acetate, adulterant of 361
bromide, formula for, 125
carbonate, adulterant of, 361
chloride, adulterant of, 361
citrate as a solvent for salicylic acid, 49
hydrate, adulteration of, 361
phosphate, 327
picrate in intermittent fever, 359
sulphate, adulteration of, 361.
Amyl nitrate, 327
nitrite, 327
and nitrate, 184
experiments with, 85
in cholera, 85
in goitre, 334
Anacardium occidentale, 113
Anæmia, tonic in, 190
Anæsthetic, a new, 160
Anæsthetics, choice of, 334
Analytical balances, short-armed, 138
Anatherin-mundwasser, 349
Analyses of commercial drugs and chemicals, 131, 218, 250, 281, 313, 348, 368
Anisidin, phosphorescence of, 176

Announcement, 19
Antiar, 39
Antiaris inoxia, 39
toxicaria, 39
Anthericum ramosum, 40
Antihecticum poteri, 153
Antihydropin, 47
Antimony in vulcanized rubber, 303
Antiseptic dressings, 89
vinegar, 252
Antispasmodic mixture, 125
Apiol, 17
Aplotaxis costus, 304
Apocynin, 4
Apolonaris water, 216
Apomorphia, 336
as a remedy for sea-sickness, 191
formula for, 125
used hypodermically as a remedy for epilepsy, 262
Apparatus, pharmaceutical, 12, 295
for chemical laboratories, new, 115
Apparitor auris, 313
Aquarium at Birmingham, the, 83
Araroba, pomade of, 29
vinegar of, 29
Arasina gurgi, 17
Arbor vitæ, use of the, 341
Arnal's Haarlem-oil, 18
Arrow-root, adulteration of, 2
Arrow-weed, 31
Arseniate of potash, solution of, 335
Arsenical inhalations as a remedy for asthma nervosa, 305
Arsenic, corrosive sublimate contaminated with, 271
in vulcanized rubber, 303
in wall-paper and tarletan, 246
phosphide of, 120
-poisoning, sixty cases of, 334
-salts, adulteration of, 361
solution of bromide of, 121, 126
Arsenuretted hydrogen, poisoning by, 177
Arthanatin, 70
Asbestos mine, a new, 71
paper, 191
source of, 128
Ascites, junctus acutus in, 48
Asparagin in sweet almonds, 3
Aspirator, a double, 196
Asselin, M., 352
Asthma pastilles, composition of, 291
Atropia as a remedy for opium-poisoning, 305
in acute mania, 146
Tichborne's solution of, 189
in forensic medicine, 171
in treatment of myringitis and otitis, 85
sulphate, 313
Angostura bark of Colombia, the true, 207
Aural affections, atropia sulphate in the treatment of some, 85
Ava, 67
Ayer's Hair Vigor, composition of, 291
Pills, composition of, 291

BABCOCK, H. H., 57
Bahamas as a health-resort, the, 52, 347
Bain, Alexander, 96
Baking-powder, 91
analysis of, 273
Bakoun, 40
Balata, 372
Balsamodendron opobalsamum, 271
Balsams, contributions to the chemistry of, 114
Baphia nitida, 49
Baphiin, 49
Barber's wax, 90
Barium carbonate, chloride and nitrate, adulteration of, 361
Bartung, 270
Basfaij, 238
Basham's mixture, 189
Battley's sedative, 282
Banbury, cultivation of medicinal plants at, 208
Baudrimont, M., 224
Bavay, M., 352
Bay oil, 278
Bazar scammony, 17
Bebeeria as a substitute for quinia, 363
Becker's metric weights, 57
Beech-wood tar creosote, constituents of, 175
Beeswax, artificial, 71. (See Wax.)
Beet-leaves, preparation of alcohol from the sugar in, 304
Belladonna and opium, effects of, 362
extract of, 120
medico-legal research for, 16
Benzine, varieties of, 84
Benzoates in suint, 8
Berberina, hypophosphite of, 238
Berresboin, mineral springs at, 160
Bertholetia excelsa, crystals derived from the nuts of, 336
Bharangi Mul, 49
Bibliography, 23, 54, 87, 118, 150, 213, 246, 283, 311, 345
Bile, agents affecting the secretion of, 15
Birmee, 49
Bishop's Granular Effervescent Citrate of Magnesia, composition of, 291
Bismuth compounds, certain, 84
glycerole of nitrate of, 174
subnitrate of, 189
oleate of, 7
preparation of pure, 113
reactions of glycerole of nitrate of, 17
subnitrate, 327
analysis of six samples of, 304
presence of ammonia in, 175
spontaneous explosion of, 209
Bit, flexible rubber, 152
Bitter almonds, investigations regarding, 271
cane, 349
Bitters, preservation of vegetable, 57
Blast apparatus, 262
Blisters, to lessen the pain of, 143
treatment by osmosis, 14
Blue glass "cure," 35, 192
on the railroad, 160
science, 70
soap, 315
Boerhavia diffusa, 208
Boettger's reagent for glucose, 332
Boracic acid contaminated with lead, 206
estimation of, 109
ointment, 305
Lister's, 58, 62
on plants, action of, 206
Boron, 16
Borwick's baking powder, 18
Botanical exhibition at Amsterdam, 128
garden, act to incorporate a, 130
Chicago, the, 322
English workingmen's, 130
survey, a new, 319
Brachyramphus sonchifolius, 208
Brandreth's pills, composition of, 291
Brasilin, 84
Braun, Dr. Alexander, 224
Brazil-nut crystals, 336
Bright's disease, jaborandi in, 139
British Pharmaceutical Conference, officers of, 288
Pharmaceutical Conference, report of proceedings at the, 268
Pharmacopœia, error in the, 254
Bromhydric acid, 152, 181. (See Hydrobromic Acid.)
Bromide of potassium as a remedy for sick-headache, 142
Bromine acne, remedy for, 286
still, an improved, 105
Bromoform, 305
specific gravity of, 176

Bronchial tablets, 62
Brooklyn physicians and private telegraphy, 162
Broughton, John, 320
Brown's chlorodyne, composition of, 291
Brucia, action of nitric acid on, 84
Bulbij, 208
Bunsen burner, new form of, 224
Bunsen's filter-pump, 17
Butter, manufacture of artificial, 114
Button-snake root, leaves of the, 106
Butyl-chloral, 307
Buxin in beer, 50

CACAO and chocolate, analysis of, 238
Caffein, citrate and valerianate of, 145
formula for, 126
from guarana, extraction of, 238
valerianate of, 50
Calabar bean, active principles of, 163
etherial tincture of, 286
Calabarin, 163
Calcium chlorhydrophosphate, formula for, 126
chloride in tuberculosis, 335
adulteration of, 361
chromate, soluble acid, 90
lactophosphate, formula for, 126
metallic, 16
phosphate, 84
formula for bibasic, 126
syrup of acid, 126
preparation of, 239
saccharate, formula for glycerole of, 126
liniment of, 126
sulphocarbolate, 90
Calisaya and iron, elixir of, 62
elixir of, 62
Calomel, alterability of, 336
the action of certain manipulations and reagents on, 211
Calophyllum elatum, 17
oil and oleo-resin of, 207
Caltha palustris, 30
Calvert scholarship, 31
Cambridge University, teaching of therapeutics in the, 224
Campani's test for sugar in urine, 50
Camphor and chloral, compounds of, 277
cream of, 30
elixir of monobromated, 62, 125
poisoning by, 176
syrup of monobromated, 49
-vapor baths, 237
Cam-wood, educts from, 49
Canada balsam as an excipient for pills, 258
Candle, increase of weight during the burning of a, 18
Candy, dangerous, 50
Canna Indica, 17
Cannabis Indica, 305
Cantharidal vesicant, 145
Cantharidic acid, 363
Cantharidin in Spanish flies, transmutation of, 113
Capalchi bark as an adulterant of Angostura bark, 208
Capsaicin, 17, 269
Capsicum with quinia, use of, 362
Capsules, Mathey-Caylus gluten, 182
Carbolated camphor, 41
Carbolic acid and creosote, reactions of, 134
crystallized, 327
test for, 77, 366
Carbolin, 192
Carbonated beverages, article on, 162, 178, 209, 240
meat, Trousseau's, 347
Carbonic acid generator, 204
Carbon bisulphide, solidification of, 362
hexachloride, 307
monosulphide, 17
tetrachloride as an anæsthetic, 271
trichloride, 307
Cardamom flower, the, 355
Cardamom plant, the, 354
Card-holder, Snow's, 152
Cardiac poisons in the vegetable kingdom, distribution of, 3, 38
Cardol, 113
Carmine ink for draughtsmen, 371
Carnauba wax, 109, 259
Caroba, 207
Carrageen wadding, 7
Casein in milk, estimation of, 333
Cassava, prussic acid from, 175
Cassia alata, 208
and its use in ring-worm, 85
fistula in confection of senna, 276
trade of China, the, 149
Castor-oil in copaiba, detection of, 115
seeds, 18
poisonous dose of, 294
wafers, 211
Catalogue of Alumni of the Univ. of Penn., 224
Catechin, 177
Catechu, tincture of, 114
Catha edulis, 29
Caustic, diluted, 114
Caventou, J. B., 224
Cayenne pepper, active principle of, 268
Celluloid, manufacture and properties of, 208
Cement, casein, 62
for metal and glass, 32
for metallic substances, 30
for porcelain, 318
gutta-percha, 369
hot-water-proof, 30
Centaurea behen, 271
Cerebra Odallam, 4
Ceresin, 252
Chackamac resin, 364
Chaï-resin, 364
Chamomile fumes in hay-fever, 143
Champaca, 56
Chelone glabra, 5
Chemical and pharmaceutical products, notes on, 327
bath, liquid for, 160
reagents, adulterants of, 360
Chemistry in the Paris School of Pharmacy, 224
Cherry-laurel water, artificial, 50
Chicory in coffee, to estimate, 191
Chilblains, formula for, 63
Chinoidin, sulphate of, 182
Chirphul, 113
Chinese drugs, 180
galls, 2
materia medica, 191
Chloral alcoholate, 307
and camphor, compounds of, 277
as a local anæsthetic, 223
hydrate, 282, 305
in cholera, 85
pain produced by, 15
purity of, 45
plaster, 32
syrup of, 145, 222
tolerance of, 305
with solid fats, 6
Chloride of iron, tasteless tincture of, 219
lead as a disinfectant, 6
Chlorine-derivatives of alcohol, medicinal, 305, 337
generator of, 6
preparation of liquid, 108
Chlorodyne, 282
Ogden's, 92
Chloroform, 327
deaths from, 146
on putrefied blood, effects of, 364
simple method of testing, 231
Chocolate, adulterated, 151
Whitman's instantaneous, 183
Choleate of soda in jaundice, 200

Cholera infantum, treatment of, 189
Cholesterin in urine, case of, 50
Chota Chirayta, 208
Gokhrov, 238
Christison, Robert, 256
Chrome-alum, adulteration of, 361
Chrysarobin as an emetic purge, action of, 166
Chrysophanic acid and its sources, 113
in treatment of ringworm, 85
ointment, 87
Churchill's iodine caustic, 29
preparations, 28
Cigar-lighter, 55
Cinchona alkaloids, 158
effects of, 14
estimation of, 304
Grahe's test for, 251
in the marine hospital service, 310
and iron-salts, 362
barks, contributions to the knowledge of, 115
cultivation in Burmah, 31
in Java, 192, 336
in India, 191
extraction of, 240
plantations, 30
the supply of, 269
trees, distribution of the alkaloids in, 238
Cinchonas, spurious, 269
Cinchonia, bromhydrate of, 304
in decoctions of cinchona bark, amount of, 239
Cinchonidia as a substitute for quinia, 177, 358
in quinia sulphate, test for the presence of, 136
sulphate, 152, 273
Cinchonidin, use of sulphate of, 176
Citrate of iron and quinia, examination of commercial, 137
pharmacopœial preparation of, 335
presence of sulphates in, 335
proportion of quinia in, 335
variation in six samples of, 335
Citric acid, detection of tartaric in, 326
Clematis cirrhosa as a remedy for epilepsy, 181
Clerodendron serratum, 49
Coal tar and its products, 90
Cobra, poison of the, 175
Cobric acid, 175
Coca, 1, 298
as a remedy in fevers, 143
experiments on the physiological effects of, 271
Cocoa, manufacture of, 37
Codeia, 327
Cod-liver oil and phosphate of lime, 282
detection of iodine in, 207
ferrated, 91
jelly, 63
Coffee tree, the new, 212
Coin-detector, 56
Coins, legal value of foreign, 64.
Coix lachryma, 49
Colchicin medico-legal detection of, 114
Colchicum seed, effects of macerating, 304
Cold, carbonate of ammonia as a remedy for, 126
in the head, remedy for, 30
Colein, researches on, 145
College of Pharmacy on druggists' weights, the, 163
of the City of New York, 30, 63, 95, 127, 156, 191, 223, 288, 352, 364, 372
Colliguaja, 31
Collodion, cantharidal, 276
Colocynth as a means for arresting griping, 334
powder, adulterations of, 49
Cologne, 153, 349
water, proporties and composition of, 278
Color, apparatus for comparing depth of, 174
in flowers, development of, 320
Coloring of high wines, to detect artificial, 96
Columbo, tincture of, 147
Concerning French peas and Cincinnati hams, 161
Conchinine, 115
Condenser, Rice's improved, 245
Condurango, 58
Conia and its salts, 207
solution of bromhydrate of, 189
Constipation, podophyllin as a remedy for, 141
Continuous filtration, siphon regulator for, 264
Convallaramin, 39
Convallaria polygonatum, 39
Copaiba balsam, fixed oils in, 11
detection of castor oil in, 115
emulsion of, 156
examination of commercial, 271
in pills, 317
mixture, 29
testing, 265
tree, the, 5
Copaivic acid, 327
Copernicia cerifera, 259
Copper as a poison, researches on, 271
in peas, 160, 172
poisoning by acetate of, 176
salt, explosive, 46
sticks of sulphate of, 160
sulphate, 327
sulphate of, 177
Copying-ink, a new, 318
Corrizino, 318
Cork-borer, 114
Cornell University, proposed medical department of, 219
